## **Helicopter Services in Belize**

**Belize City, Belize, August 30, 2006** – Astrum Helicopters announced today the introduction of its helicopter services in Belize. Astrum Helicopters is the first company to offer commercial helicopter services in the history of Belize.

Astrum Helicopters offers Helicopter Tours and Helicopter Chartered Flights that are tailored to meet our client's specific needs. Our trained staff will create a truly unforgettable event. Our custom helicopter tours can take you to the Blue Hole, Glovers Reef, Turneffe Islands, Victoria Peak, 1000 ft Falls, Altun Ha, Caracol, Lamaná or many of the other destinations in Belize.

Astrum Helicopters specializes on helicopter transfers to San Pedro, Ambergris Caye, Placencia or any other destination in Belize. The helicopter transfers can operate between the international airport, local airports and private heliports throughout Belize. The current heliports in operation include: Cisco Base, Old Belize and Turneffe Island Lodge. By the end of 2006, additional heliports will be operational at Azul Resort, Cayo Espanto, Maruba Resort and Isla Marisol Resort.

Additionally, specialized charted flights are available for Aerial Photography & Film, External Load, Aerial Survey, Search & Rescue, and Medivac & Evacuation Services.

The introduction of helicopter services to Belize will offer a new service to the more than 1 million travelers that visit Belize every year. Local residents and business will also benefit the diverse applications helicopters can offer.

### **Astrum Helicopters**

Founded in 2004, Astrum Helicopters provides consumers with on demand, reliable, fast and affordable helicopter transportation between Belize City, local airports and private heliports. All flights utilize state-of-the-art Bell 206 helicopters configured for four and six passengers.

Astrum Helicopters is headquartered in Belize City, Belize. For more information, please visit [www.astrumhelicopters.com](http://www.astrumhelicopters.com).
