First Company to Receive an Air Operator Certificate in Belize (AOC)

Belize City, Belize, September 04, 2008 – Astrum Helicopters announced today the receipt of its Air Operator Certificate (AOC) – BCAR OPS 3 – 001. This is the first Air Operator Certificate issued under the new regulations for Belize.

Mr. Jose Contreras (Director of Civil Aviation) handing the certificate to Mr. Gustavo A. Giron (Director of Operations - Astrum Helicopters)

Astrum Helicopters has met the requirement of the Code of air aviation regulations of Belize and related operating regulations to continue to conduct commercial air transportation operations in Belize and other countries.

About Astrum Helicopters

Founded in 2004, Astrum Helicopters is the first company to offer commercial helicopter services in the history of Belize.

Astrum Helicopters provides consumers with on demand, reliable, fast and affordable helicopter transportation between Belize City, local airports and private heliports. All flights utilize state-of-the-art Bell 206 helicopters configured for four and six passengers.

Astrum Helicopters is headquartered in Belize City, Belize. For more information, please visit www.astrumhelicopters.com.
